NATURAL HEALTH PROMOTORS BY HQ-LINE

DATA SHEET HQ-BOAR CARE

HQ-BOAR CARE is a safe and very tasty liquid additional feed to provide extra gluconic energy for high productive A.I. Boars during semen production. Gluconic energy is the best energy to give in case of a negative energy balance, since the body mobilizes lipogenic energy itself. Other ingredients are supplemented to balance and improve the appetite and metabolism. This helps the boar to minimize the effects of metabolic disorders and to improve the semen production. HQ-BOAR CARE increases the reproductive potential of the boar in semen volume and semen quality.

Shape	Liquid
Energy content	ME: 11.6 MJ / 2761 kcal NEL: 7.935 MJ / 1894 kcal VEM: 1150
Type of energy	100% glycogenic
Colour	Pink

INGREDIENTS	Optimal combination of Glycerol, propyleneglycol, ammoniumpropionate and vitamins. ALL PRODUCT INGREDIENTS COMPLY WITH EC-REGULATIONS AND ARE BIODEGRADABLE
MODE OF ACTION	HQ-BOAR CARE adds glycogenic energy: In the liver glycerol and propionic acid transformed directly into glucose and help to overcome the negative energy balance. Since the body mobilizes fat (lipogenic), the extra supplied energy should be glucogenic. HQ-BOAR CARE balances and promotes the metabolism.
ADVANTAGES	<ul style="list-style-type: none">• Glucogenic Energy to overcome the negative energy balance• Very tasty and stimulates feed intake• Optimised for optimal viscosity for easy use• Promotes overall fresh boar health and performance during the complete production live
DOSAGE	Boars: 100-150 grams per animal per day during production
STABILITY	Will remain stable for 2 years under normal storage conditions (dry, cool and out of direct sunlight) and if stored in the original sealed packaging. Color changes will not affect product performance.
PACKAGING	IBC's of 1000 liters net, cans of 25 liters or bottles of 1 liter
